LATEST RETURNS SHOW GAINS FOR HUGHES

California, Still in Doubt and Very Close, May Determine the Presidential Election—Democrats are Claiming New Hampshire by a Small Majority.

By Telegraph to The Freeman.

New York, Nov. 8.—Revised figures on the probable make-up of the new electoral college, based on press despatches from International News Service correspondents throughout the country received up to 1 o'clock this afternoon showed that the presidential issue still was in doubt. The best figures available which may be upset when the complete vote is in, indicated that President Wilson had 256; Governor Hughes 230, and 45 votes were in doubt. The likely electoral vote was as follows:

Almost certain, for Governor Hughes: Connecticut 7; Delaware 3; Illinois 29; Indiana 15; Iowa 13; Maine 6; Massachusetts 18; Michigan 15; New Jersey 14; New York 45; Pennsylvania 33; Rhode Island 5; South Dakota 5; Vermont 4; Wisconsin 13. Total 230.

Reasonably certain for President Wilson: Alabama 12; Arizona 3; Arkansas 6; Colorado 6; Florida 6; Georgia 14; Idaho 4; Kansas 10; Louisiana 10; Maryland 8; Mississippi 10; Missouri 18; Montana 4; Nebraska 8; Nevada 3; North Dakota 5; North Carolina 12; Ohio 24; Oklahoma 10; South Carolina 9; Tennessee 12; Texas 20; Utah 4; Virginia 12; Washington 7; Wyoming 8. Total 256.

Doubtful: California 13; Minnesota 12; New Hampshire 4; New Mexico 3; Oregon 5; West Virginia 8. Total 45. Necessary to be chosen 266.

Mr. Hughes received a telegram shortly before one o'clock from the Republican state committee in California saying that he was leading President Wilson in that state by ten thousand.

He also received a despatch from the Republican managers in Delaware saying that the complete count of the state showed that his plurality there was 800.

Concord, N. H., Nov. 8.—With 27 out of 224 towns to be heard from in the state, the Democrats at noon today were claiming that President Wilson had carried New Hampshire by about 150 votes.

San Francisco, Nov. 8.—With approximately half of the precincts yet to be heard from, Democratic and Republican state central committees at 8:30 o'clock this morning each continue to claim the state.

The Democratic committee this morning issued a statement that Wilson carried California by from 4,500 to 5,000.

The Republican committee "had nothing to say" except that "California will go for Hughes by a comfortable majority."

ULSTER COUNTY DOES ITS DUTY

An old-fashioned Republican victory was scored in Ulster county when the election of every Republican candidate on the county ticket by pluralities ranging from 2,750 to 4,591 and corresponding pluralities contributed to the State and National tickets. It was a result that enthused Republican ranks and was pleasing to Progressives who returned to the Grand Old Party by hundreds. Because of the character of the candidates and the general satisfaction with State and County administrations, the outcome was a foregone conclusion but the piling up of oldtime majorities in the city and towns thrilled Republicans through and through and showed the measure of public support of the party ticket.

Republican majorities in Ulster county are as follows: For President, Hughes 2750. For Governor, Whitman, 3019. For State Senator, Walton, 3,610. Assembly, 1st dist., Brink, 1632. Assembly, 2d dist., LeFever 1725. County Treasurer, Schantz 3332. District Attorney, Traver 4591. The above figures are based upon the complete returns, with the exception of one missing district. The returns for these offices are shown in the following tables:

ELECTION RETURNS QUIETLY RECEIVED

Unusual Moderation Displayed by Crowds in Demonstrations of Enthusiasm—News Received in Many Quarters And Later Returns Encouraged Democrats.

In entire consistency with the remarkable campaign which closed with election, election night in Kingston city passed off in a remarkably quiet manner, a most unusual manner for any election night and particularly in a presidential year.

There was plenty of enthusiasm but it was of the quiet sort. There was no parade, no red fire, no bands and only a few automobiles with joy riders. Midnight saw a large crowd around, but one o'clock found only a handful of interested spectators keeping vigil and by two o'clock practically the only watchful waiting people were the policemen and night watchmen.

There were eleven places in town where general returns were received. The largest crowd was at the court house, where the Ulster County Branch of the Hughes Alliance earned enduring gratitude by providing a special vigil and operator and a warm place where the eager public could sit comfortably and hear the results. The courtroom was crowded from seven o'clock until the wire service closed. There were likewise large crowds at the Hotel Stuyvesant, the Y. M. C. A. Hall, Hotel Ulster, Schick's cafe on Abbot street, John J. E. Irwin's cafe on Hasbrouck avenue and Frank P. Quigley's cafe on lower Broadway. All of those places were open to the public. In addition, 45 members of the Kingston Club, Elks' Club, Knights of Columbus received returns by special wire, and at Democratic headquarters on Fair street a special wire furnished returns to the party headquarters and others who went there.

The result in New York state and in Ulster county was a foregone conclusion, and nobody expressed surprise even at the size of the Republican majorities. News of the county was distributed generally through Republican headquarters on Fair street, where the election-night workers readily found that the absence of the usual crowd, which was receiving the news at the court house, added greatly to their ability to receive, tabulate, add and analyze the figures. Frequent bulletins were given where there were crowds kept everyone informed of the vote.

The tremendous majorities given in Kingston city naturally gave satisfaction to the men who made them, particularly the unprecedented city majority of 1,645 for District Attorney Frederick G. Traver. Supervisor Philip Schantz came at once to Kingston after the vote at Highland had been canvassed and received returns at Republican headquarters.

A notable feature of the election night crowd was the knowledge manifested by nearly everyone as to the identity of the various states in which had been regarded as doubtful in all pre-election polls, and the number of electoral votes belonging to each of such doubtful states. Usually on election night there is an absence of declared heavy gains by Wilson in appear to have been studying all the reports from country districts had almost wiped out the Hughes lead. He said accurate reports from 2,000 precincts gave the Republicans a lead of only 500.

HUGHES LEADING IN INDIANA

By Telegraph to The Freeman.

Indianapolis, Ind., Nov. 8.—With unofficial returns from two-thirds of the counties in Indiana in at 7:30 o'clock, Hughes is leading Wilson by a comparatively small margin. Despite Republican claims of a smash victory, it appeared that Hughes would win only by a small plurality, if at all.

The early lead of Hughes is being cut down by votes from sparsely populated communities in the state. The urban population generally supported the Republican ticket.

With reports from all but a few counties the Republican state committee was celebrating a Hughes victory in Indiana, sticking to its claims made during the night that Hughes would carry Indiana by 25,000. The state headquarters estimate based on estimates of county organizations and on precinct returns, gave a Republican majority of 22,764.

At 7:30 o'clock this morning declared heavy gains by Wilson in reports from country districts had almost wiped out the Hughes lead. He said accurate reports from 2,000 precincts gave the Republicans a lead of only 500.

UTAH DEMOCRATIC BY LARGE MAJORITY

By Telegraph to The Freeman.

Salt Lake, Utah, Nov. 8.—Returns from every part of the state show that Utah has gone heavily Democratic. President Wilson has a plurality of at least 15,000.

U. S. Senator George Sutherland (Rep'n) has been decisively defeated by Judge William H. King (Dem.). Simon Bamberger (Dem.) has been elected governor by 10,000. He has the distinction of being the first Democratic governor and the first non-Mormon to hold the place in Utah.

Milton H. Welling, Dem., has been elected to Congress from the First District to succeed Joseph Newell, Rep'n. James H. Mays, Dem., has been re-elected from the second district.

IDAHO GOES TO WILSON

By Telegraph to The Freeman.

Boise, Idaho, Nov. 8.—With more than half the Idaho vote counted, and giving Wilson a lead of 5,000, the Republican campaign managers today conceded the state to Wilson. Alexander, Dem., is leading for re-election as governor, but by a very small margin.

NEW YORK STATE GIVES BIG REPUBLICAN VOTE

Entire State Ticket Elected by Big Majorities and Hughes Carries the State by More Than 115,000—Calder Elected U. S. Senator.

By Telegraph to The Freeman.

New York, Nov. 8.—Charles S. Whitman, Republican, yesterday was re-elected over Judge Seabury, his opponent, for governor of New York by a plurality which at 8 o'clock this morning was 154,231, with a few scattering up-state returns yet to be heard from.

Former Congressman William M. Calder was elected over William F. McCombs, original Wilson man, by 103,233.

Charles E. Hughes had a plurality over President Wilson in the state of 115,757.

Up-state New York rolled up an old-time Republican plurality and Tammany Hall seemingly did not over-exert itself in the greater city. President Wilson's plurality in Greater New York was 40,109.

The New York state legislature is again overwhelmingly republican. The figures available at 8:30 this morning indicated that the upper house, the senate, would stand: 36 Republicans; 15 Democrats. The assembly is made up of 102 Republicans, 47 Democrats and one Socialist.

M'CORMICK CLAIMS 288 FOR WILSON

By Telegraph to The Freeman.

New York, Nov. 8.—At 11 o'clock today Democratic National Chairman Vance McCormick issued a statement declaring that President Wilson had been re-elected by an electoral vote of 288. He said:

"These are certain for Wilson. There are a few states in which the issue still is in doubt and which may make the total more."

Mr. McCormick's claims were based upon his belief that the president had carried the following states:

MEXICAN ARMIES ENGAGED IN BATTLE

By Telegraph to The Freeman.

El Paso, Nov. 8.—Five thousand Carranzistas and an equal number of Villistas are engaged in a battle near Escalon, fifty miles south of Jimenez, according to reports received here today.

The Carranzistas are made up of General Herrera's former garrison at Parral and the commands of Generals Arrieta, Maycotte, and Murguia, who have joined him.

The battle may decide the fate of Torreón. A message from that city says that the city still is held by the de facto troops.

FIFTY LIVES LOST IN BOSTON DISASTER

Trolley Car Plunges Through Open Draw in Bridge—Motorman Says Brakes Failed to Work.

By Telegraph to The Freeman.

Boston, Nov. 8.—Fifty lives were believed, on latest information today, to have been lost in Boston's most disastrous car accident when a trolley car, heavily laden with human freight, plunged through an open draw of the Summer street extension bridge into Fort Point Channel last night.

All night long divers worked in the waters of the channel, under the glare of the searchlights, bringing bodies to the surface. The car lies overturned on the bed of the channel.

At early hour today forty-six bodies had been brought to the surface. Thirteen were unidentified. There were sixty-two persons, three of whom were women, on the car when it went over the bridge into the water.

Twelve are known to have been rescued.

Among those who survived there are stories of miraculous escapes. Some were forced through windows and up through the waters to the surface by the force of the plunge. Bell divers, when once they got to work, sent up bodies at the rate of one each seven minutes.

The city morgues are filled with grief stricken men and women today looking for missing relatives. Gerald Walsh, motorman, driver of the ill-fated car, is held by the police charged with manslaughter.

Walsh says there was no danger light on the bridge and that the car brakes refused to work.

Draw Tender Fitzgerald on duty at the bridge, affirms that the gates were closed and that the red lantern which generally hangs when the gates are closed, was in place.

WILSON LEADS IN MINNESOTA

By Telegraph to The Freeman.

St. Paul, Minn., Nov. 8.—President Wilson maintained a small lead over Charles E. Hughes as Minnesota returns slowly drifted in today.

At ten thirty o'clock with 680 precincts out of 3,024 heard from the figures were Wilson 72,537; Hughes 66,551.

Hughes was reported to be gaining slowly in the rural districts.

FINANCIAL AND COMMERCIAL

By Telegraph to The Freeman.

New York, Nov. 8.—Trading at the opening of the stock exchange today was accompanied by great excitement and a few new high records were made. Steel Common opened with sales of 20,000 shares from 124 1/2 to 124, and 100 shares at 125, again passing all previous high records. Central Leather opened at 104 1/2, against 102 1/2, at the close Monday, and in the next few minutes the price rose to a new high mark of 105 1/2.

A strong tone was shown in the start, with nearly all the important issues in urgent demand. U. S. Steel Common jumped to a new high record of 126 in this period and Central Leather to a new high mark of 110. The railway issues showed a better tone than for some time, with Union Pacific, after selling down to 151 1/2, advancing to 153 1/2. Money leaning at 2 1/2 percent.

HOT SHOT FOR MR. PECK

Peck—"O course, like all women, you have an inordinate curiosity." Mrs. Peck—"Get a curiosity, have I? I've got a trunk."

BOTH SIDES CLAIM VICTORY

By Telegraph to The Freeman.

New York, Nov. 8.—Both President Wilson and Charles E. Hughes were claiming election at 8 o'clock this morning. At that hour it was evident that the doubtful states in the western group and Delaware, where the count is slow, will decide the Republican and Democratic national headquarters were eagerly awaiting the results. Republican National Chairman Willcox claimed 323 electoral votes for Mr. Hughes in a formal statement and cited the states which said insured his election. Vance McCormick, Democratic leader, claimed "at least 360" but said it was too early to make public the list.

It was evident that the official count might be required before the result would be available and some of the states, claimed conceded, were waiting as returns piled in.

Mr. McCormick this morning openly charged that an effort was being made by the Republicans to steal

NEW PLANS FOR COHEN THEATER

Plans for the front part of the new Cohen theater on Wall street are being drawn by Gerard W. Betz, the architect, and will soon be offered to contractors for estimates. The building will be widened three feet on the St. John's Church side, thereby filling the lot, and the ground floor width of 27 feet will be divided into two halves, one of which will be occupied by a store and the other by the lobby leading to the theater proper, which will be built in the rear at a cost of about \$80,000. A glass partition will separate the two sections of the lower floor, resulting in a desirable store site. The second floor will be converted into five offices.

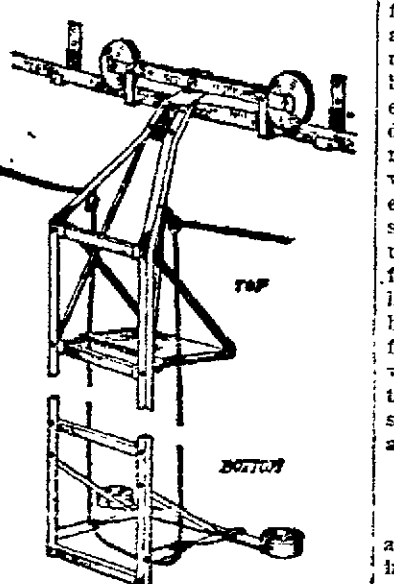

LIEUT. SHACKLETON.
SHACKLETON TO JOIN FIGHTING FORCES.

Sir Ernest Shackleton, San Francisco, Nov. 8.—Sir Ernest Shackleton, the antarctic explorer, is on his way to New Zealand today to organize an expedition to rescue ten of his men marooned on the west side of the antarctic continent, after which he plans to return to England and join the British fighting forces. On his arrival at New Orleans recently, Sir Ernest heard of the plight of his men and immediately left for this city to sail for New Zealand.

Officers of Altar Guild.
On Tuesday afternoon the Altar Guild of St. John's Episcopal Church held the annual meeting of the Guild at the parish house. The following officers were elected: President, Miss Vera Ciccarwater; treasurer, Miss Ida Kerr; secretary, Mrs. Kleiss. The annual dues of the Guild are 50 cents, the fund accruing from these funds going toward the maintenance of the work in hand. While every woman communicant of the church is by virtue of her membership with the church, a member of this guild, still so many have never taken any part in the work, either personally or financially that it was moved that each active member should try to secure no less than five associate members before the next meeting, which will occur next month.

How You Are Jarred.
A novel advertising dodge is that being shown in the show window of John J. Larkin's store on lower Broadway to advertise the wearing of rubber heels. The machine shows the difference in pounds in the feet sustained by a man wearing rubber heels and those of ordinary leather. The display attracts considerable attention from pedestrians.

Movable Ladder For Silo.
A ladder that hangs on a track encircling the silo just under the eaves is a new safety device that will be appreciated by the man who must look after his hoops every few months. By means of this ladder you can ride

around the outside of your silo simply by pulling a draw line provided for that purpose. It is also handy for painting and general repairs. The idea seems to be an ingenious improvement over the light ladders used in shoe stores for getting stock from the top shelves, only in this case the track is circular instead of straight.—Farm and Fireside.

THE ELECTION.

It is just possible that our last edition may be able to state with certainty the result of the election, but at this writing (12 o'clock) the outcome is in doubt. Nevertheless, the returns are already sufficiently complete for us to make a few interesting deductions.

For one thing, it is apparent that of the Republicans who left their party four years ago and became Progressives, only four out of five have returned to the fold. Consequently, the Republican party lacks considerable of the strength which it would have were union complete, and that fact accounts for the closeness of the vote. Yet it is encouraging that so many of the wanderers have returned, and we feel assured that nearly all of them will in time come back. Bitterness such as was fomented by Roosevelt in 1912 dies slowly, but it dies.

It is again made clear, just as it was made clear eight years ago, that there is no such thing as a "labor vote" which Gompers or anybody else can "deliver." Wilson's championship of the fraudulent Adamson bill did him no good in the eyes of New York, Illinois, Pennsylvania and New Jersey, where organized labor has its chief strongholds. Leaders of organized labor may sometimes be bribed by appointments to office, flattery, or even money, but the hundreds of thousands of members cannot be reached in this way. They think for themselves. Time after time this truth has been demonstrated, yet professional politicians seem never to learn it, but tremblingly outrage their consciences every time some labor leader threatens them. They overlook the important fact that workmen, like other men, despise a coward even when they are able to use him.

It appears that the conferring of the franchise on women in so many States does not influence political results. The women as a whole vote the way they hear their men folks talk, so that in the end nothing is received in return for the doubling of election expenses. Moreover, the spectacle of women getting into hair-pulling matches during the campaign and exposing themselves to insult from hoodlums has a coarsening effect upon both sexes. It is more evident than ever that the whole votes-for-women movement is a piece of monstrous folly which should be rebuked by every sensible man every time he gets a chance to vote on it.

Another lesson from the returns is that the voting power of our hyphenated citizens can safely be ignored by political managers. It cannot be delivered any more than can be the female or the labor vote. The riders and the vice-regals are as impotent as the Gomperses. Appeals to class and race are out of date. Our voters are really more homogeneous than has generally been supposed.

Republicans of the Empire State have every reason for pride in the tremendous popular vote given for Hughes and Fairbanks and for Governor Whitman and his associates on the State ticket. The pluralities for each of these Republican nominees range from 125,000 to 160,000 and indicate a deserved degree of confidence in Republican administration of State affairs and the unmistakable intention of the people to continue capable, honest officials in power. The legislature is overwhelmingly Republican, a gain of five seats in each branch being made by Republicans, which will give the party a two-thirds majority. United States Senator-elect William M. Calder led the ticket in the State and his majority will reach the unprecedented figure of 150,000, to judge from the latest reports. The State results are most gratifying. They show unmistakably the popular appreciation of the splendid service given by the Republican party and a marked distrust of Tammany Hall maneuvers to again gain control at Albany. The work of Governor Whitman and a Republican legislature met with the approval that was anticipated and, contributing to the result in no small measure, the shift and even weird campaign of Judge Seabury came in for emphatic censure at the hands of the voters. Altogether the State's showing is one to which Republicans generally can point with satisfaction. The first State of the Union has

shown where it stands on the issues of the National and State campaign and the verdict is a triumph for the party in power which has fearlessly and wisely met the problems presented in the last two years, and which today reaps the reward of faithful and honest devotion to the public interest.

Representative Charles B. Ward won re-election by a handsome plurality and will make an influential member of the New York delegation in the House. A corresponding triumph has been scored by Senator Charles W. Walton, whose conspicuous record of satisfactory service to his constituency was endorsed by a record-breaking plurality. In the Assembly, Ulster will have two Republican representatives, Assemblyman LeFever and Assemblyman-elect Brink, men of standing in their respective districts. County Treasurer-elect Philip Schantz's plurality reflects the regard his fellow citizens hold for the man and the service he has given the county, while District Attorney Frederick G. Traver was accorded a degree of popular support without a precedent. Ulster County's normal Republican majority was swelled remarkably by the enthusiastic endorsement of State and County candidates, extending from the head of the ticket to the foot, where Coroner Ernest A. Kelly brought up the rear with a vote that reflected the approval of his conduct of that office in a most satisfactory degree. Republicans of Ulster have ample ground for pleasure in the showings made by their local nominees, whose candidacies proved towers of strength to the party in this important election.

LITTLE LAUGHS.

"There's always something broke about that automobile of yours."
"There is when I'm around."—Boston Transcript.

Chubb—"Have you heard Brown's latest joke?" Dubbe—"Yes. It's rather worse than the other one he had."—Judge.

Wife—"Tom, won't you give up smoking for my sake?" Hub—"Certainly, my love, if you'll allow me to smoke for my own sake."—Boston Transcript.

Son—"Father, last night I ate a piece of mince pie just before going to bed and dreamed I was married." Mr. Henpeck—"Well, my son, I hope it will be a lesson to you."—Judge.

"Did you ever know a woman to play whist without continually asking 'What's trump?'" "Yes, one. She was deaf and dumb and couldn't ask with her fingers because they were holding the cards."—Boston Transcript.

"And you say he is an industrious worker? You astonish me. I had a job at the factory of his name." "He's the most industrious worker I ever saw. He probably works as many as a dozen people a day, or tries to."—Houston Post.

"Do you really think the public likes to be humbugged?" asked the man of many anxieties. "Yes," replied Senator Seymour. "When the humbug is pretty and harmless. But they resent the kind that buzzes around waiting for a chance to sting you."—Washington Star.

And One Very Sick.
Fleming was fixing an automobile recently, when Daily happened along. Daily: "What horsepower is the car?" "Sixty," answered Fleming. "What seems to be the trouble?" asked Daily. "Well, by the way she is acting, I should say that fifty-nine of the horses are dead," replied Fleming.—Hippocrene Ushers' Gazette.

He Was a Cool One.
A cool individual was awakened one night by burglars. As he entered the dining room, where they were busily engaged in wrapping up the plate, they promptly covered him with their guns. But this did not seem to perturb him. "Don't let me disturb you, gentlemen," he said, "but when you go—if it's not troubling you too much—would you do me the favor of posting this letter?" It must go tonight. It's my burglary insurance. —New York Times.

Outside Arkansas Too.
The pleasures of editing are hinted at by the Boonville (Ark.) Progress as follows: "When a girl with a face like a cream puff marries a young man who never earned a dime outside a shooting gallery, the editor has to paint the bride as a radiant vision of blushing beauty and the groom as one of our young business men, or else disappoint an expectant circle of delinquent subscribers. If the editor fails to spread a two-column obituary over a prominent citizen, who never paid a grocery bill outside of the justice court, he is liable to be waited upon by some two-faced relatives of the deceased with an injured air and a punch in either hand."

SEA LION DEAD AT ULSTER LANDING

It was reported to The Freeman this morning that the famous sea lion, which has been haunting the Hudson river the past summer had been washed ashore at Ulster Landing. It had either been shot or hit and was dead when found. The lion was said to be seven feet in length. It will be remembered by Freeman readers that the past summer an unknown sea monster was reported at the mouth of the Rondout creek. Those who had seen it said it was a sea lion, while others were positive it was something else. To add further to the conflict it was reported that a shark had been seen in the river off Goldrick's Landing and that a resident of that place had shot at him.

The monster was seen off the mouth of the Rondout creek for several days and then it suddenly disappeared.

HIGH SCHOOL WANTS THANKSGIVING GAME

Thanksgiving Day in Kingston without a football tussle in the afternoon after the turkey had been stored away, would be one bleak, dreary day for the athletic young minds of the burg. Realizing this, the 1916 Kingston high school warriors, who, lest you forget, were the champs of eastern New York state in their fighting days, have resolved that they are still full to the brim of the old-time pep and are sending challenges to all the high schools within reach for an encounter at the athletic field on Turkey Day.

Forecasting the harm which would result from football playing between Kingston and other teams along the river, and in accord with the quarantine regulations, the board of health prohibited football at the high school this fall. No practice has been held and it is positive that eleven seasoned men could not be whipped into shape for any kind of a match on the 30th. Therefore the 1916 players presume that if they engage a scrapping Thanksgiving, they will be fulfilling the hope of several hundreds of local sporting folks, who are easily lured to the stadium to see good rich American blood flow. In such martial times as these, the impulse is even greater.

Frankly, we doubt whether a very large majority is football crazy at these Thanksgiving bone-breaking events. We do know that every man who has smacked football gore, always comes back, no matter how long since he put aside his togs for his lunch basket. Also it is the meeting place of old friends, grads, schoolmates, etc., who know they will find everybody out at the game.

Sisters and cousins in all their bright autumnal glory, are there to strain their feminine lungs whenever they see a stirring run or deadly tackle. But, honestly, we believe that they like to come out because it is the style center on the last Thursday of every November. They wonder where Suzette got the new creation and marvel at Angela's appreciation of aesthetic values. And then every year there is the old family relative who must be shown the brutal pastime, who on his or her homeward route despairs the downward sweep of civilization.

All in all, it's a real representative crowd which gathers at these contests. There were some 1,200 spectators at last year's Thanksgiving game and they were somewhat disappointed at the horribly awful beating which the home lads doled out to some eleven or so youths from Mechanicsville. The prime reason which prompts the 1916 team's decision is that fall is here and that old feeling is creeping through their veins and they want to get in the fray with the abandon of old. But they are sure that Kingston people, who have fasted all fall because of the lack of games, want one good thriller this year—something far more exciting than the matinee movie show can produce.

Every single one of that speedy machine-like last year's team is still in his home town, except Bunny Bernstein, out in the munition plants chasing the wheel of fortune. His place at left guard, which meant some 225 pounds of bulk when he was in the line, will not be easily filled, but there are also several of the subs still in town, one of whom with a little drilling, will develop into a guard. Here they are, ladies and gentlemen, just as crafty as ever, though encircled with several unnecessary rounds of fat, which will all come off with a little practice.

Joyce and Johnson, ends; Gill and Falisi, tackles; Macaulay, guard; Hallinan, center; Gregory, quarterback; Pebleman, left half; Captain Wheeler, fullback; and Terwilliger, right half. Of these, Joyce, Johnson, Gill and Falisi, are still at school.

To book a Thanksgiving game at this late hour is a hard task but it is hoped that one of the teams receiving the challenge will accept. A good time is in store for them.

Always Nice to Keep in the House

It is absolutely necessary to have a little wine or whiskey in the house in case of sickness, but you must be sure to have the pure article. Buy from a reliable house like ours and you will not have to worry about the quality. Whatever is good, we have it, and our prices are as low as others ask you to pay for inferior grades. Better not drink at all than imbibe impure or doctored drinks, so the safest way to get the best liquors is to buy them here. Our prices are right, too.

GENERAL CADORNA
GENERAL CADORNA HEADS
DRIVE ON TRIEST.

Gen. Cadorna.
This is the man who planned and is leading a second successful Italian drive against the Austrians. This time for the capture of the great Austrian city of Trieste. Up to the present General Cadorna, the Italian commander in chief, has made many Austrian prisoners, has gained an advance of several miles in the face of strong fortifications and has captured an extremely important network of roads. Despatches from the Carso front, where the offensive is taking place, state that during the first two days the Italians captured 10,000 officers and men.

The Funny Bone.

A most unpleasant sensation is caused by the violent excitation of the nalar nerve due to a blow on the elbow. This nerve passes down on the inner side of the arm and then rather inconsiderately bends round and enters the forearm at the back of the elbow joint. Any one who has felt his neighbor's elbow sticking into his ribs knows that the elbow is remarkably deficient in flesh. The nerve is therefore at this point very near the surface and has little to shield it from a blow. If we give our elbow a smart tap we obtain a practical confirmation of the fact that the nalar nerve is the principal sensory nerve of the forearm and hand.

For Vaseline Stains.

You can get them out this way: Cover the article with boiling water and let stand a while. Then add a teaspoonful of washing powder. Let stand until the water is cool enough to put the hands in. Then wash as usual. The cloth will be clean and the grease will be on top of the water.

License Gave Privilege.

Angelo walking down the street saw Tony coming the opposite way leading his dog. Being deathly afraid of it as it was playful, he said to Tony: "Say, if your dog bites me I'll have him arrested." "Go on," said Tony: "this dog has a license; he's allowed to bite anybody."

The Light At Dusk

A drama of a man's fight for his better self, by Edgar Lewis.

First Dutch C. E. Society.

The regular monthly meeting of the executive committee of the Christian Endeavor Society of the First Reformed Church was held on Tuesday evening at the home of Frederick Snyder, Washington avenue. After the reading of the minutes of the last meeting, the reports of the committees for the month of October were read and accepted. After the usual routine business was disposed of, the meeting adjourned, at which refreshments were served and a social half hour enjoyed.

Origin of the Census.

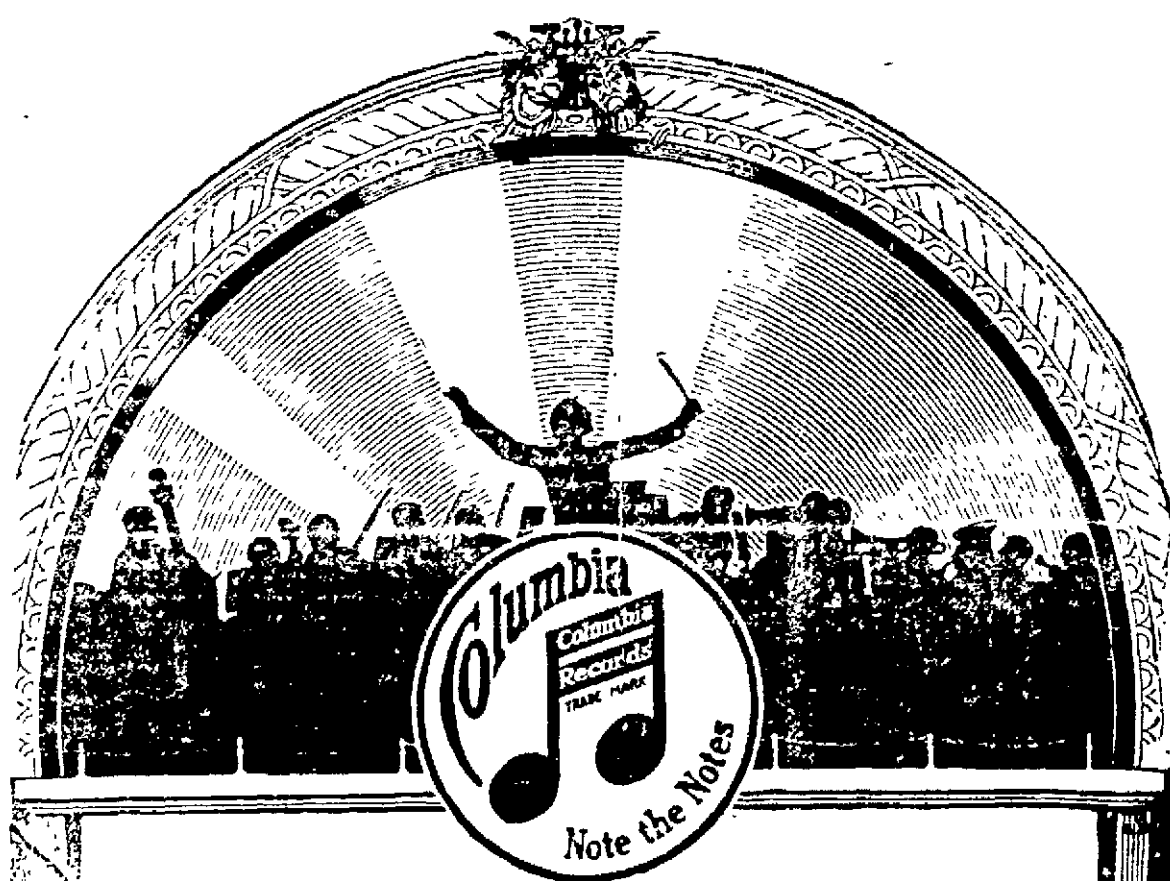

The census probably had its origin in Rome. The term comes from the high officer called censor, whose duty it was, among other things, to enumerate the people. The Roman census must have been minute and full, since it indicated not only the number of the people, but their respective classes, domestic positions, wealth, etc. It seems that the Roman census was taken about every fifth year. The first effort to take a census in Great Britain was made in 1801, but it did not extend to Ireland. The first census ever taken in the United States was in the year 1790, since which time it has been taken regularly every ten years.

The Columbian, of 8,580 tons, sailed from New York on October 18 under charter, en route for Genoa and French ports.

No information was available as to the possible loss of life or the extent of the damage done the big liner. Local shipping circles had no record of her cargo or her charterers.

WANTED TO SHOW HOW THEY VOTED

So Two Democrats in Wilbur Voted
Wilson and Then Cut Out Star—
Ballots of Course Are Void.

Queer incidents in voting on Election Day in Kingston are being told by those who were around the polls on Tuesday. One of the funniest incidents is that at the Wilbur polls when two Democrats entered the voting booths in that ward and voted their tickets. Both voted a straight Democratic ticket for Wilson and then after placing the cross under the star they proceeded to use their jack knives and cut out the star on the ballot to show their friends how they voted. This was disclosed when the votes were counted after the polls had closed. Of course both ballots had to be thrown out as void.

LAKE KATRINE.

Lake Katrine, Nov. 8.—The regular meeting of the Lake Katrine Grange was held at the Grange Hall on Monday evening. There was a good attendance and the meeting was an excellent one. Business of importance was transacted and important questions discussed. The worthy master, C. E. Davis, presided. The literary program, which was in charge of the young people of the Grange, was certainly a credit to the ability, painstaking care and interest of the committee, which consisted of Minnie Henniger, Frank Brick, Ray Diamond, Donald Parish, Calvin Ten Brock and Kenneth Parish. Marion Kingman of Kingston, who was visiting her cousin at Lake Katrine, also served as one of the committee. The program was as follows: "America," sung by the Grange with Miss G. Trueman as pianist. Then followed an historical contest of much interest, the prize being awarded to Ralph Young, Roswell Cole, Mrs. Ralph Young and Mrs. Sweeney. Mr. Young then sang "Beautiful Isle of Somewhere." As all those who have heard Mr. Young sing know well that he does full justice to the music as well as the words, he was assisted, in the chorus by Mr. and Mrs. David Kiefer, Mrs. Young, Mrs. G. Parish, Ray Diamond and Donald Parish, with the latter as pianist. Mr. Young received a hearty applause and sang as a solo the old familiar old song, "Over the Banister." The contest created much fun, as it was for the handsomest man in the Grange to sing the popular song. A minor was given to the man with an original poem on the card accompanying it and a diamond (?) ring to the most popular lady, with an original poem written on the card accompanying that. Marion Kingman then played by ear a medley of popular airs which were much enjoyed, and as a encore she played "Auf Wiedersehen." The next contest was a very interesting one, as ballots were passed and each person, whether man or woman, suffragette or not, of age or below, was allowed to vote for state and national candidates. Opportunities were given for the principles of each party to be shown and C. E. Davis gave an excellent though brief statement of the platform of the Republican party, and remarks were made by Brother Ralph Young. As the Grange is non-partisan, there was no serious argument, and much fun was given. Anna Snyder then read one of Beatrice Herford's monologues, "A Lady Packing," which was thoroughly enjoyed and much applauded. The literary program then closed with "The Battle Hymn of the Republic," sung by the Grange. Several applications for membership were brought in and degrees will be conferred at the next meeting. The refreshments were served in the dining room and were as follows: Oyster stew, vegetable soup, crackers, baked beans, salmon salad, bread and butter, sandwiches, coffee, tea, ice cream and cake. A social hour followed and all parted singing "Good Night, Ladies" and "Home Sweet Home." At the next meeting all the members are asked to bring supplies of any acceptable kind for the Industrial Home. This is an excellent object and should be well taken care of by the members. Among the guests present were Sister W. Brett of New York city and Marion Kingman of Kingston.

LADIES' AUXILIARY OF FALL GUYS ASSO.

Kingston Branch Established When Women Sent Away Ten Cents Expecting in Return a \$4.50 Silk Petticoat—Skirt Still Missing.

Eventually every "get something for nothing" scheme that is originated in this country to enrich its originator reaches Kingston, and as a result there are a number of Kingston women minus the dime which they confidently expected

would bring them by the next mail a fine new silk petticoat valued at \$4.50, but as some one has said before "it can't be did." The women who sent away the dime are now fully eligible for the Ladies' Auxiliary of the Kingston Branch of the Fall Guys Association, and are entitled to affiliate with all the privileges accorded them as if they had taken the twenty-third degree, which in their case will be unnecessary.

The latest scheme for which Kingston "fell" was an advertisement of a western concern that offered to send any woman a silk petticoat valued at \$4.50 if the woman would simply send them ten cents and the names of five friends. It was surprising how many women all over the country "fell for it" and the dime began pouring in at such a rate that the postal authorities became suspicious and made a sudden descent on the promoters who are said to be still among the missing.

Some of the Kingston ladies, however, have received back their dime, for while they sent it in they had the forethought to place their name and address on the outside of the envelope, and the postal authorities, returned the envelope to them, as the letter reached the promoters' address after the postal authorities had descended on them.

Other Kingston women, however, mailed their dime before the postal authorities "got wise" and as a result their dime was not returned as it was resting comfortably in the promoter's pockets.

The membership of the Fall Guys Association are confidently awaiting the next scheme to be originated as they are thinking of starting a membership campaign in Kingston. It is the only association in the world that does not have to go out and solicit members, however.
